Delaware River Sojourn 2002 – Day Three

Near-perfect weather conditions greeted Sojourners on Day Three as they paddled through the scenic Delaware Water Gap National Recreation Area.

Delaware River Sojourn 2002 – Day Three

The Sojourn provides an opportunity to learn about the Delaware from experts ...

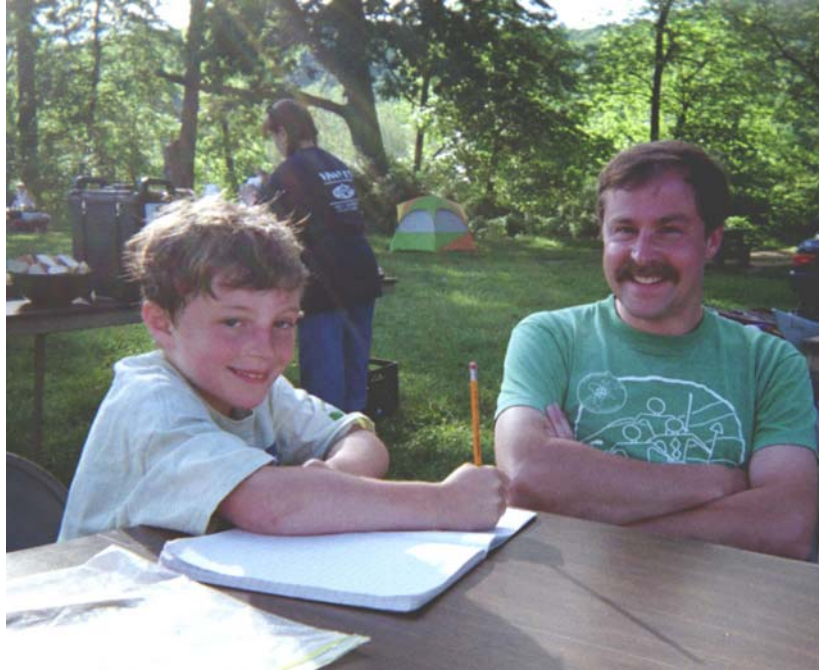

The lunch program featured a presentation by the U.S. Geological Survey, "A Geologist's Eye-View of the Delaware Water Gap."

... and a time to have fun!

A little water goes a long way!
